

Obtaining a Library Card

You must present your library card to check out materials. Residents and property owners within the boundaries of the Cheboygan Area Public Library District may be issued a free library card. This card is good for a period of 1 year at which time we will touch base with you and update your contact information. This message will show up for you as "card expired" if you are attempting to use your card online. Please stop in and make sure we have an application with current information for you if you see this message. Your card may be used at any library that is a member of the PAC2 consortium.

The CAPL District is comprised of the **City of Cheboygan** and the **Townships** of Aloha, Beaugrand, Benton, Grant, Inverness, **and portions of** Hebron and Munro. We have a district map at the front desk if you are unsure, or you may check your winter tax bill to see if the library is listed.

To obtain a free card, you must present documentation showing your current residence.

Non-residents who wish to obtain a Cheboygan Area Public Library card may do so for a fee of \$50.00. This fee entitles the purchaser's immediate family to individual cards and full use of the CAPL for one year. This card may not be used at any other library nor does it allow you Interlibrary Loan service outside of the PAC2 consortium.

If your home library is a member of the PAC2 Consortium you must use your library card from your home library to borrow materials. The PAC2 libraries are:
